

Concrete Hopper

Concrete Hopper - The self-dumping hopper accessory could automatically start to both dump and release whenever the bumper release touches the side of a dumpster. Once dumping is done, the hopper is able to return to original upright and locked position. This particular piece of machinery even comes together with a cable which allows operation from the seat of the forklift so as to have the alternative of manually unloading the hopper. There is a locking chain provided to lock the hopper to the fork truck. This particular product is made with consistent and reliable robotic welds for maximum strength. The lift truck dumping hopper even has a blue powder coat finish so as to maintain durability.
